

THE EVENING STAR.

THE AURORA BOREALIS. NIGHT OF AUGUST 20, 1896.

BY WILLIAM ROSS WALLACE.

Evermore, evermore In the bright and the day, In the dark and the night...

II. O, alas! that our ears O'er the world should grow To the wailing of the winds...

III. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

IV. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

V. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

VI. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

VII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

VIII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

IX. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

X. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XI. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XIII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XIV. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XV. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XVI. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XVII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XVIII. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...

XIX. O ye wonderful shapes! With your streamers of light Blazing in the colored sky...
